Getting Started with Mac OS X	27
Installing Leopard	28
About installing Leopard.....	28
Pre-installation issues and precautions.....	28
Selecting a Leopard installation option.....	32
The author's Leopard upgrade process.....	32
Troubleshooting installation.....	33
Resolving common installation problems.....	33
Erase and Install is the only available installation option.....	33
Installer window does not list all expected destination volumes.....	33
Resolving common post-installation problems.....	33
Administrator account changes to Standard account.....	33
AirPort ceases to function after installing Login and Keychain Update 1.0.....	34
Canon scanners and multifunction inkjet printers cannot scan.....	34
Home folder is missing from the Users folder.....	34
Keychain cannot be found alert after upgrade install.....	34
Keynote presentations do not open.....	35
Setup Assistant appears after every restart.....	35
